DOCTORAL SUPERVISORY COMMITTEE ENROLLMENT

The School of Graduate Studies requires that each student in a doctoral program meet annually with a supervisory committee to assess the student's progress in the program and to provide advice on future work. The committee will consist of the supervisor and at least two graduate faculty members.

The departmental time line requires that a student establish a committee within three months of entering the doctoral program and that the committee meet for the first time within the first year in the program. Failure to meet the timelines can be grounds for termination in the program.

Date of Submission of Supervisory Committee Membership (dd/mm/yyyy): _____

Student Name: _____

Student Number: _____

Date of first registration in program (dd/mm/yyyy): _____

Area of Study: _____
