Travel Scholarship Application

The Green Chemistry Initiative in cooperation with our sponsors is pleased to call for applications for this year's competition of the GCI workshop travel scholarship.

These awards have the purpose of allowing graduate students and post docs the chance to attend the second annual Green Chemistry Initiative workshop. Expenses of up to \$500 per award will be allowed. No financial contribution from the supervisor is required.

Applications will consist of:

1. A 250 word proposal written by the student which outlines the reasons for attendance in terms of the student's own professional development.
2. The CV of the student, including all publications and presentations (making clear the student's role in each).
3. Estimated Expense Form (see below)

Deadline:

Applications must be received by **March 14th, 2014** via e-mail to gciworkshop2014@gmail.com with the subject "travel scholarship application".
